

# 2012 Municipal Water, Wastewater and Sanitation Survey

## Part 1 of 3-- Water

Who owns your water system?

Municipal owned    Private owned    Other \_\_\_\_\_

The governmental body that controls your water system is:

City Council    Water Commission    Water/Sewer Commission    Private Commission

From what source do you get your water?

Deep wells    River/Stream    Lake/Reservoir    Other water source \_\_\_\_\_

Approximately how many meters are in your system? 1050

Does your municipality provide water to customers/water systems outside your city limits?    Yes    No

If yes, how many different water systems?   ONE

At what rate do you provide water to customers/water systems outside your city limits?

Same rate as city customers

Higher rate than city customers (specify amount or percentage) \$ 21.00 / PER MONTH<sup>H</sup> or % SERVICE CHARGE

Does your drinking water contain fluoride?    Yes    No

What is your monthly minimum rate for water use?   \$12.50

What is the minimum number of gallons for which you charge?   2000

*COPY OF RATES ATTACHED*

What amount do you charge per 1000 gallons of water usage?

Per 1,000 gal. at 5,000 gallons	<u>6.25</u>	Per 1,000 gal. at 80,000 gallons	_____
Per 1,000 gal. at 10,000 gallons	<u>5.70</u>	Per 1,000 gal. at 150,000 gallons	_____
Per 1,000 gal. at 20,000 gallons	_____	Per 1,000 gal. at 300,000 gallons	_____
Per 1,000 gal. at 40,000 gallons	<u>4.00</u>	Per 1,000 gal. at Industrial rate.	_____

Is your current water system/plant financed by:

Revenue bonds    Soil/Water Grant/Loan    Farmers Home Loan

Our bonds are retired—we are debt free.    Other \_\_\_\_\_

**Part 2 of 3--Wastewater**

Who owns your wastewater system?

Municipal owned    Private owned    Other \_\_\_\_\_

The governmental body that controls your wastewater system is:

City Council    Water Commission    Water/Sewer Commission  
 Sewer Committee    Private Commission

How is your wastewater treated?

Oxidation ponds    Mechanical treatment    Septic tanks    Other \_\_\_\_\_

Does your municipality provide wastewater treatment to other wastewater systems outside your city limits?

Yes    No

If yes, how many different wastewater systems? \_\_\_\_\_

At what rate do you provide sewer to customers/wastewater systems outside your city limits?

Same rate as city customers  
 Higher rate than city customers (specify amount or percentage) \$ \_\_\_\_\_ or % \_\_\_\_\_

Is the rate/amount you charge for sewer based on the amount of water used?    Yes    No

What is the minimum number of gallons of water used for which you charge a sewer fee?   2000

What is your monthly minimum sewer rate?   \$ 12.50

What months of water usage do you use to calculate your monthly sewer bill? \_\_\_\_\_

Do not use a certain month/months.

What amount of water used per thousand do you charge for sewer?

Up to 5,000 gal. <u>6.25</u>	Per 80,000 gal. _____
Per 10,000 gal. <u>5.70</u>	Per 150,000 gal. _____
Per 20,000 gal. _____	Per 300,000 gal. _____
Per 40,000 gal. <u>4.00</u>	Per 1,000 Industrial Rate <u>NONE</u>

Is your current wastewater plant financed by:

Revenue bonds    Soil/Water Grant/Loan    Farmers Home Loan  
 Our bonds are retired—we are debt free.    Other \_\_\_\_\_

**Part 3 of 3—Solid Waste**

Do you collect a fee for solid waste pickup on your water bill?  Yes  No

How much do you charge for monthly residential solid waste pickup? 12.00

How much do you charge for monthly non-residential solid waste pickup? N/A

Who picks up your solid waste?

Municipality  Private Company  Other

Do you offer recycling services?

Yes  No

If you answered Yes, what types of materials do you recycle?

Plastics  Glass  Paper  Other  All of the above

Where is your solid waste disposed?

Municipal Landfill  County Landfill  Regional Landfill  Private Landfill

What is the approximate distance to your disposal site? (landfill) 30 miles.
